

# AspenDental

Aspen Dental is breaking down barriers to better care, better smiles and better lives. It starts with state-of-the-art offices in awesome locations. Aspen Dental-branded practices make it **easier for patients** to access a full range of affordable, high-quality dental and denture services, including preventative care, general and specialty dentistry.

Located in super-regional retail areas, this year alone, the 700-plus Aspen Dental-branded practices will service more than 5 million patient appointments, including one million new patients. The Aspen Dental network is expected to expand by another 75-100 practices each year.

## SITE CRITERIA

### PRIME RETAIL LOCATION

Aspen seeks A+ retail locations in major retail areas. We look for prime retail visibility, including maximum storefront and pylon signage opportunities, strong traffic counts, easy access and ample convenient parking.

### TRADE AREA

Regional retail trade areas

### TARGET DEMOGRAPHIC

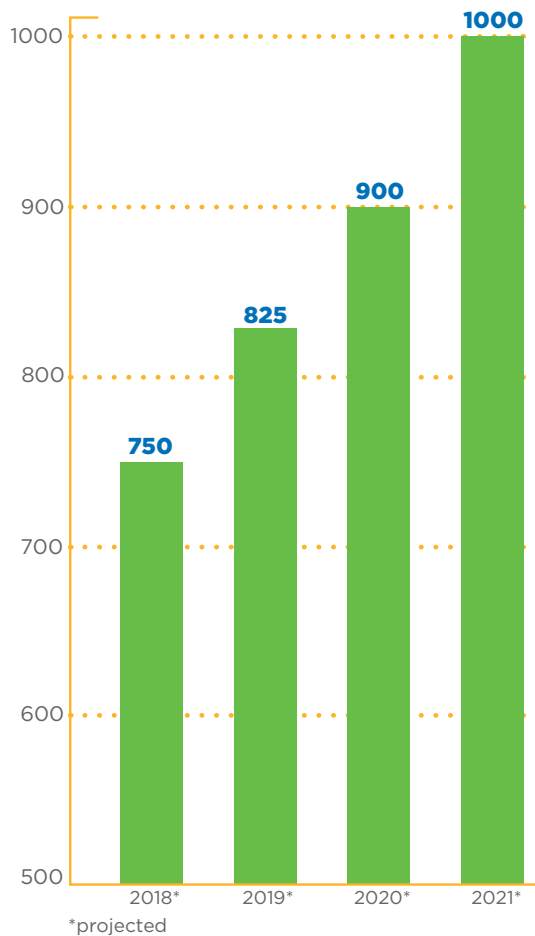

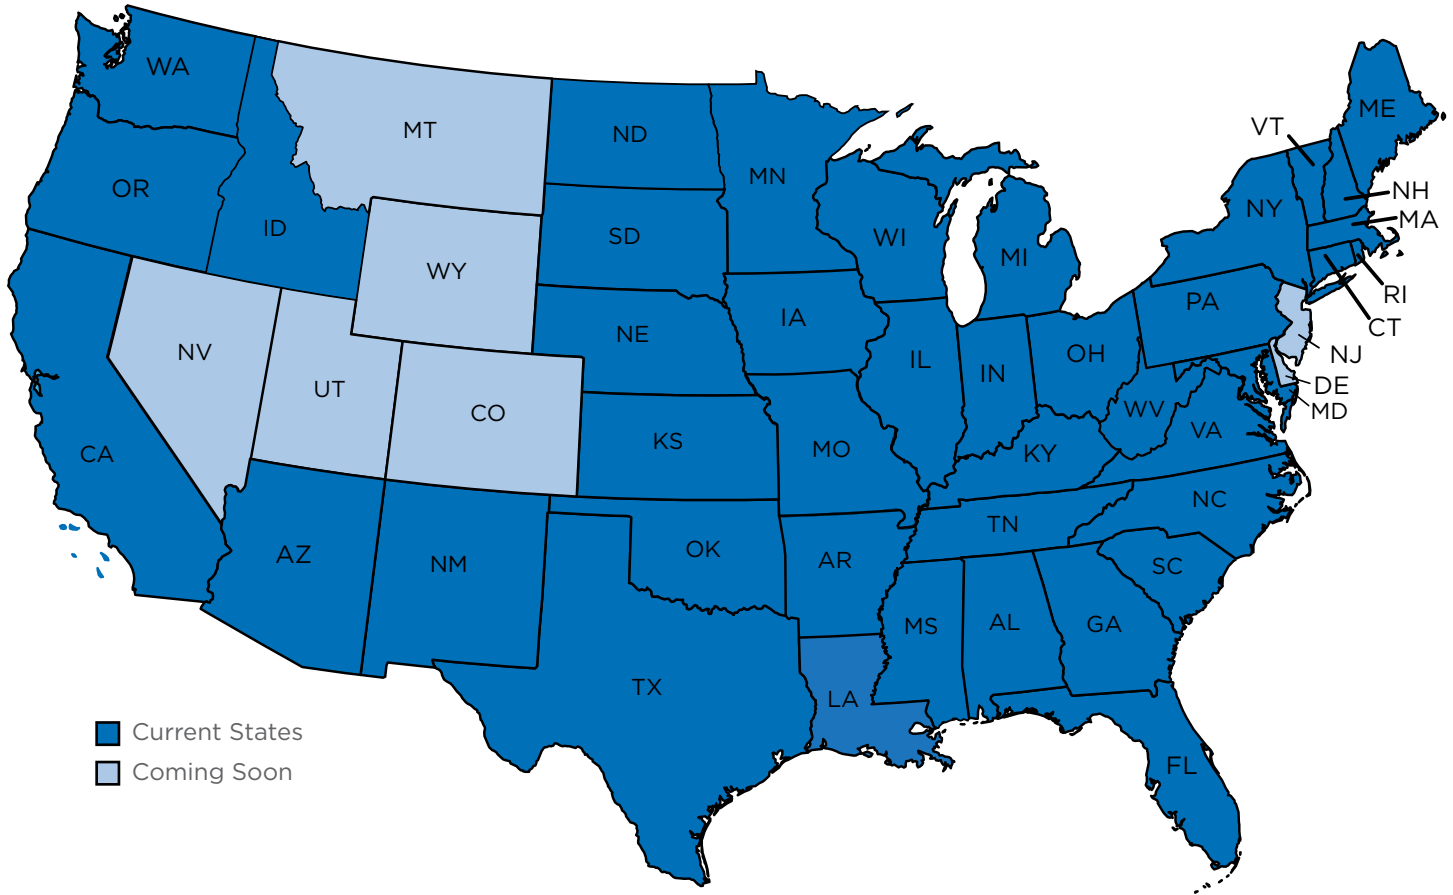

Middle income, Blue collar, Seniors

### SIZE

- Free-standing and shop-space end caps
- 3,500 square feet
- 50 feet frontage (minimum)

# More states, more smiles!
